

2019

CIVIL AND ENVIRONMENTAL ENGINEERING POSTGRADUATE RESEARCH SYMPOSIUM

Our Keynote Speaker of the symposium this year is David Sedlak, the Plato Malozemoff Professor in the Department of Civil & Environmental Engineering at University of California at Berkeley. David is the author of the book Water 4.0: The Past, Present, and Future of the World's Most Vital Resource. He will be giving a talk about Closing the Loop on Urban Water Use With Potable Water Recycling.

MONDAY 15 APRIL 2019

THE UNIVERSITY OF AUCKLAND
