***The Opportunities Party***

**Care.Think.Vote.**

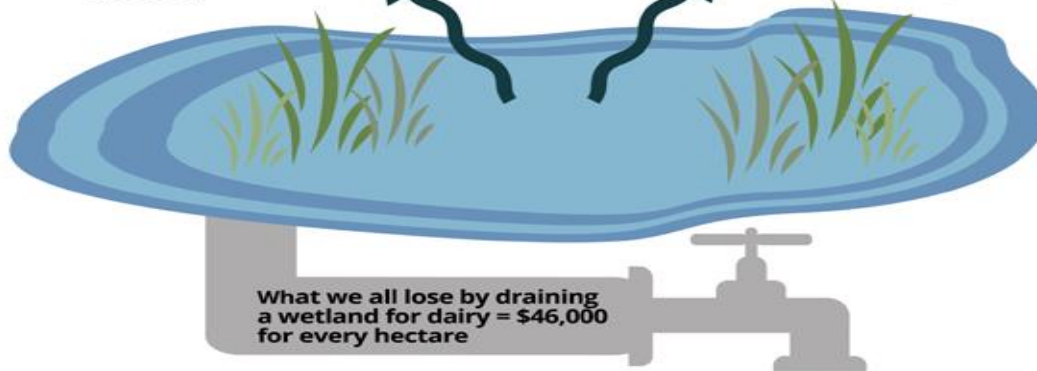

**We all get \$48,000 of benefit for each hectare of wetland**

**\$42,000 indirect benefit - e.g. wetlands are like the kidneys of our country, cleaning water and recycling nutrients into food**

**\$6,000 direct services including wildlife which creates tourism, hunting & fishing**

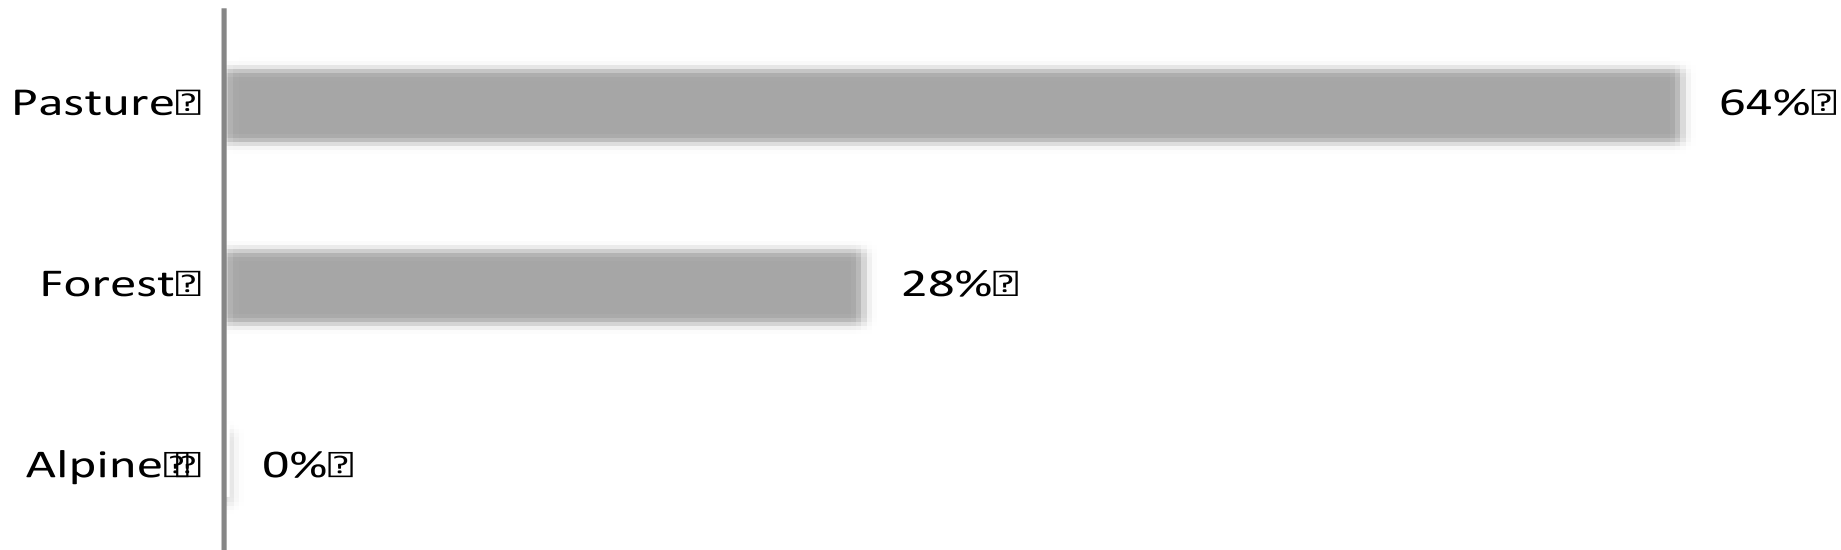

**What we all lose by draining a wetland for dairy = \$46,000 for every hectare**

**Farming only gives us \$2,000 per hectare**
